

These **FREE** training seminars are being hosted by the Clinton County Emergency Management Agency, and funded by the Iowa Municipalities Workers Compensation Association (IMWCA). Scheduled presenters are experienced law enforcement officers and nationally recognized trainers, and surviving family members of line of duty deaths.

Below 100 Intensive

Open to all law enforcement officers, correctional officers, chaplains, and dispatchers, Below 100 Intensive is the core 4-hour course that is saving officers' lives and careers nationwide. It familiarizes attendees with the tenets of Below 100 which were designed to address areas most under each individual officer's control dramatically lowering line of duty deaths and injuries. It has been included in numerous academy training programs nationwide including all academy programs in Iowa.

Below 100 for Law Enforcement Families

The unsung heroes of law enforcement are undoubtedly an officer's family members. This program will address several areas where family members can help keep their officer accountable, safe, and properly focused. In addition to familiarizing attendees with the five tenets of Below 100, topics will include; fatigue, relationships, health, and preparation for the worst...injury or line of duty death. Officers are encouraged to attend with their spouse / significant other, parents, other adult family member, or anyone who needs their officer to return home safely to them at the end of shift. Prior training in Below 100 is not necessary.
